

Women in Nuclear Global President's Report

Dominique Mouillot
WiN Global President

19th July 2023

ACTION PLAN MONITORING

INDEX

1. To be an active and recognized actor in the climate change debate. “Nuclear for Climate”.
2. To promote WiN Global as “a network of experts”.
3. To enhance communication: maintain regular and consistent engagement on social networks to gauge public perception.
4. To create a “WiN Global Young Generation” as a Group of Interest.
5. To act on gender balance issues.
6. To enlarge sponsoring and partnerships.
7. Other complementary achievements.

Topic 1: To be an active and recognized actor in the climate change debate “Nuclear for Climate”

- *To establish a coalition of experts with influence and authority in the climate change debate*
 - **Proactivity.** *To take proactive measures to actively participate and contribute to the climate change debate.*
 - **Legitimacy.** *To be recognized as a key participant in this debate (“network of experts”).*
 - **Visibility.** *To achieve visibility as a prominent figure in different public debates or forums.*

□ ACTIONS: COP 27. 6 – 18 November 2022. Sharm El-Sheikh (Egypt)

WiN Global delegation: Dominique Mouillot, Eva Gyane, Soheir Korraa.

Additional WiN Global members: Raquel Heredia (WiN Mexico), Lisa McBride (WiN Canada), Alice Cunha da Silva (WiN Brazil),...

2 Position Papers:

WiN Global COP27 Position Paper "**Harnessing the power of nuclear - clean energy, water, transportation and jobs**": <https://win-global.org/activities/news/807>

WiN Global is part of Nuclear4Climate and signed the COP27 Position Paper "[The Fastest Path To Net Zero For A Sustainable & Energy Secure Future For All](#)".

Topic 1: To be an active and recognized actor in the climate change debate. “Nuclear for Climate” COP 27.

Grand Opening Event #Atoms4Climate Pavilion at COP27 Hosted by IAEA

After the opening session led by IAEA DG Mr Grossi, WiN Global President, Dominique Mouillot, will give a statement during the High-level Segment of the event, together with ministers of States from all regions, heads of International Organizations and leaders of key stakeholders.

Wednesday, 9 November, 10:00 – 11:30 (GMT+2)

#Atoms4Climate Pavilion, P95 in Blue Zone

Live Streaming:<https://youtu.be/grGQsysEqbA>

ROUND TABLE: The role of NGOs to address climate change Hosted by IAEA

WiN Global President, Dominique Mouillot, will take part in this relevant conversation together with other NGOs' representatives: Emilia Janisz (ENS), Valerie Faudon (SFEN), Marie-Jeanne Jouveau (Voices of Nuclear), among others.

Tuesday, 8 November, 13:30 – 14:30 (GMT+2)

#Atoms4Climate Pavilion, P95 in Blue Zone

Topic 1: To be an active and recognized actor in the climate change debate. “Nuclear for Climate” COP 27

W1N.5C Challenges - Hosted by WiN Global

The event will feature Mr Rafael Grossi, IAEA Director General, Ms Dominique Mouillot, WiN Global President, and a prestigious panel of #WiNexperts who will discuss urgent challenges and solutions in key areas such as gender equality and diversity, innovation and emerging technologies, women leadership, attraction of young talents, and the exclusively peaceful use of nuclear energy. The event will be moderated by IAEA Director, Mr Wei Huang.

Wednesday, 9 November, 16:00 – 17:00 (GMT+2)

#Atoms4Climate Pavilion, P95 in Blue Zone

Live Streaming: <https://youtube.com/@winglobal>

Experiences of women working in the nuclear industry and how clean energy can empower women - Hosted by WNA

WiN Global will be represented by Ms Verónica Garea, newly-elected President of Women in Nuclear Latin America and the Caribbean - WiN ARCAL. WiN Global has also facilitated a slot in this event for Women in Renewable Energy (WiRE) and Ms Joanna Osawe, President & CEO of WiRE, will also take part and highlight the key milestone achieved through the signature of the MoU between WiN Global and WiRE - 2 organizations from different sectors of the energy industry. WNA General Director, Sama Bilbao y León, will be the moderator.

Monday, 14 November, 15:00 – 16:00 (GMT+2)

#Atoms4Climate Pavilion, P95 in Blue Zone

Live Streaming: <https://youtu.be/jTSdUkPwLmg>

W1N.5C Challenges

Wednesday 9 November 16:00 – 17:00 (GMT+2)

WIN Global Youtube – Live Streaming

A real commitment to advancing towards an inclusive and sustainable future for all involves a number of key challenges that need to be urgently addressed: the exclusively peaceful use of nuclear energy, innovative solutions and emerging technologies in nuclear, STEM attractiveness for girls and women, gender equality and women leadership, and the effects of climate change on vulnerable groups.

EDWIGE MOUILLOT
WIN Global President

RAFAEL MARIANO GROSSI
IAEA Director General

WEI HUANG
IAEA Director of Planning, Administration and Logistics

Topic 1: To be an active and recognized actor in the climate change debate. “Nuclear for Climate”

WiN Global participation at COP28.

- Dubai. UAE. From 30 November until 12 December 2023.
- We are preparing our participation at COP 28 as an **NGO recognized by UNFCCC UNFCCC (United Nations Framework Convention on Climate Change)**
- A WiN Global Working Group has been created with Executive members and a representative of the Young Generation.
 - Event organized by WiN Global at Atoms4Climate Pavilion
 - Special event organized by WiN Global Young Generation
 - Others events/sessions tbd

Topic 1: To be an active and recognized actor in the climate change debate. “Nuclear for Climate”

IAEA side event "Nuclear technologies: A Shared Commitment to Protecting the Environment", on the occasion of the World Environment Day

#WiNGlobal SIDE EVENT
WORLD ENVIRONMENT DAY
8 JUNE 2023 | 9:30 AM (GMT+2)
Nuclear technologies: A Shared Commitment to Protecting the Environment (Hybrid Format)
WITH THE SPECIAL PARTICIPATION OF

 **RAFAEL MARIANO GROSSI**
IAEA Director General

 **DOROTHEE HOULLOT**
Women in Nuclear Europe
Global President

Vienna, VIC, Room CR1  Virtual participation via WebEx

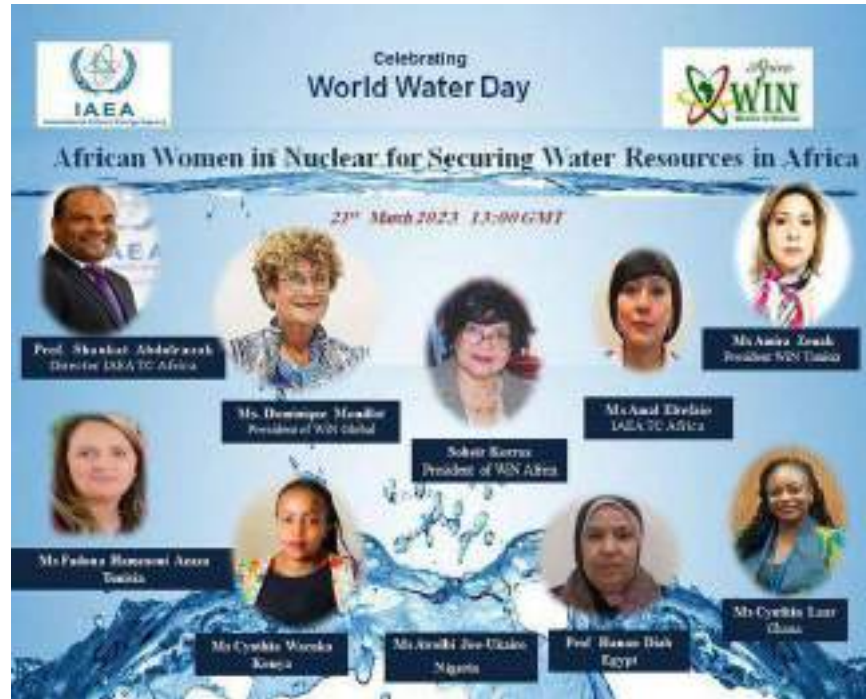

Topic 1: To be an active and recognized actor in the climate change debate. “Nuclear for Climate”

African Women in nuclear for Securing Water Resources in Africa. March 2023.

The Women in Nuclear Africa (WiN Africa) in collaboration with the International Atomic Energy Agency (IAEA) organized a webinar to celebrate World Water Day under the theme "African women in Nuclear for Securing Water Resources in Africa."

Topic 2. WiN Global as “a network of experts”

LEGITIMACY

- To gain recognition as a “**network of experts**”, a panel of skilled professionals with wide experiences and knowledge in different areas related to nuclear technology.
- To create the “**WiN Global Groups of Expertise**”, a group of professionals with high level of expertise in key areas.

Leveraging our groups of experts, we actively contribute our know-how to the sustainable development of the nuclear industry aiming to establish ourselves as a recognized actor in the field.

Last year achievements: Creation of 2 new Groups of Expertise.

Topic 2. WiN Global as “a network of experts”

LEGITIMACY

Action : WiN Global Participation to World Nuclear Exhibition as members of the Innovation Awards

On the occasion of the World Nuclear Exhibition (WNE), which takes place in Paris every 2 years, the WNE Awards were created to highlight the most innovative, interesting technologies and/or companies.

<https://www.world-nuclear-exhibition.com/en-gb/programme/wne-innovation-awards.html>

WiN Global Participation with 4 members of jury and one president of jury under the leadership of Dominique Mouillot.

-Category: Skills and Knowledge Management: Melina BELINCO as jury President,

-Category Safety, Security: Oum Keltoum HAKAM and Eva GYANE,

-Category: Operational Excellence: Susan KORN,

-Category Innovation in Products and Services: Adoración ARNALDOS and Cheng Xiaohong,

-Category: Environmental and Societal Responsibility: Sama Bilbao.

Topic 3. To enhance communication.

Communications: Our resources at a glance

- **New visual identity.** We have updated our visual brand identity.
- **New, more dynamic and pragmatic website and new social channels.** We have expanded our presence to more platforms.
- **New WiNFO concept.** Published bi-annually, its main objective is to promote each chapter's news.
- **WiN Global Newsletter.** We have an online bi-monthly newsletter to highlight WiN Global's news, initiatives, and specific activities from our national and regional chapters.
- **Calendar.** This annual calendar includes relevant dates for promoting our key messages as well as important events for WiN Global.

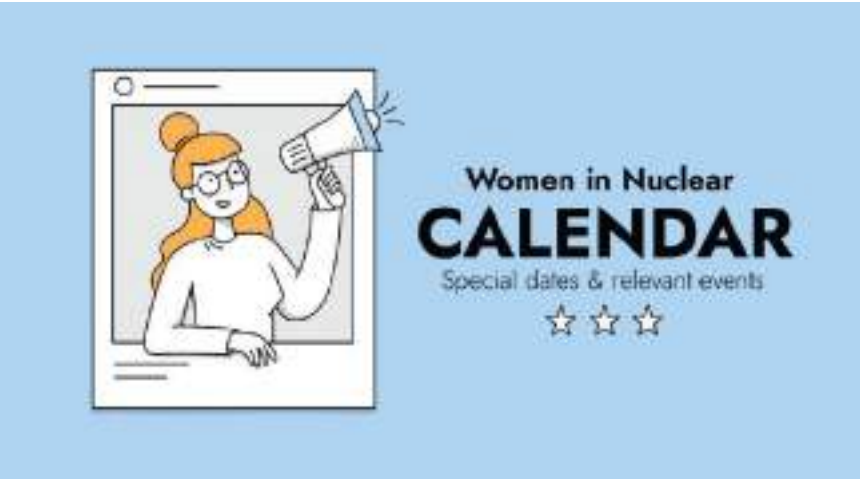

Topic 3. To enhance communication.

Communications: Our resources at a glance

- **WiN Global brochure.** In line with our new visual identity, we made available a useful material to promote our organization and chapters at different events and exhibitions.
- **WiN Global Institutional Presentation**
- Support for the **WiN Global Groups of Expertise** in the development of its **own identity.**
- Assistance to hold **virtual events:** WiNI, WiNDI, WiN for Peace, etc.
- **Solutions to specific needs in order to give visibility to:**
 - Actions of other WiN Global Committees (Awards) and Groups of Expertise
 - Sponsors
 - New Chapters (logo)

Topic 3. To enhance communication.

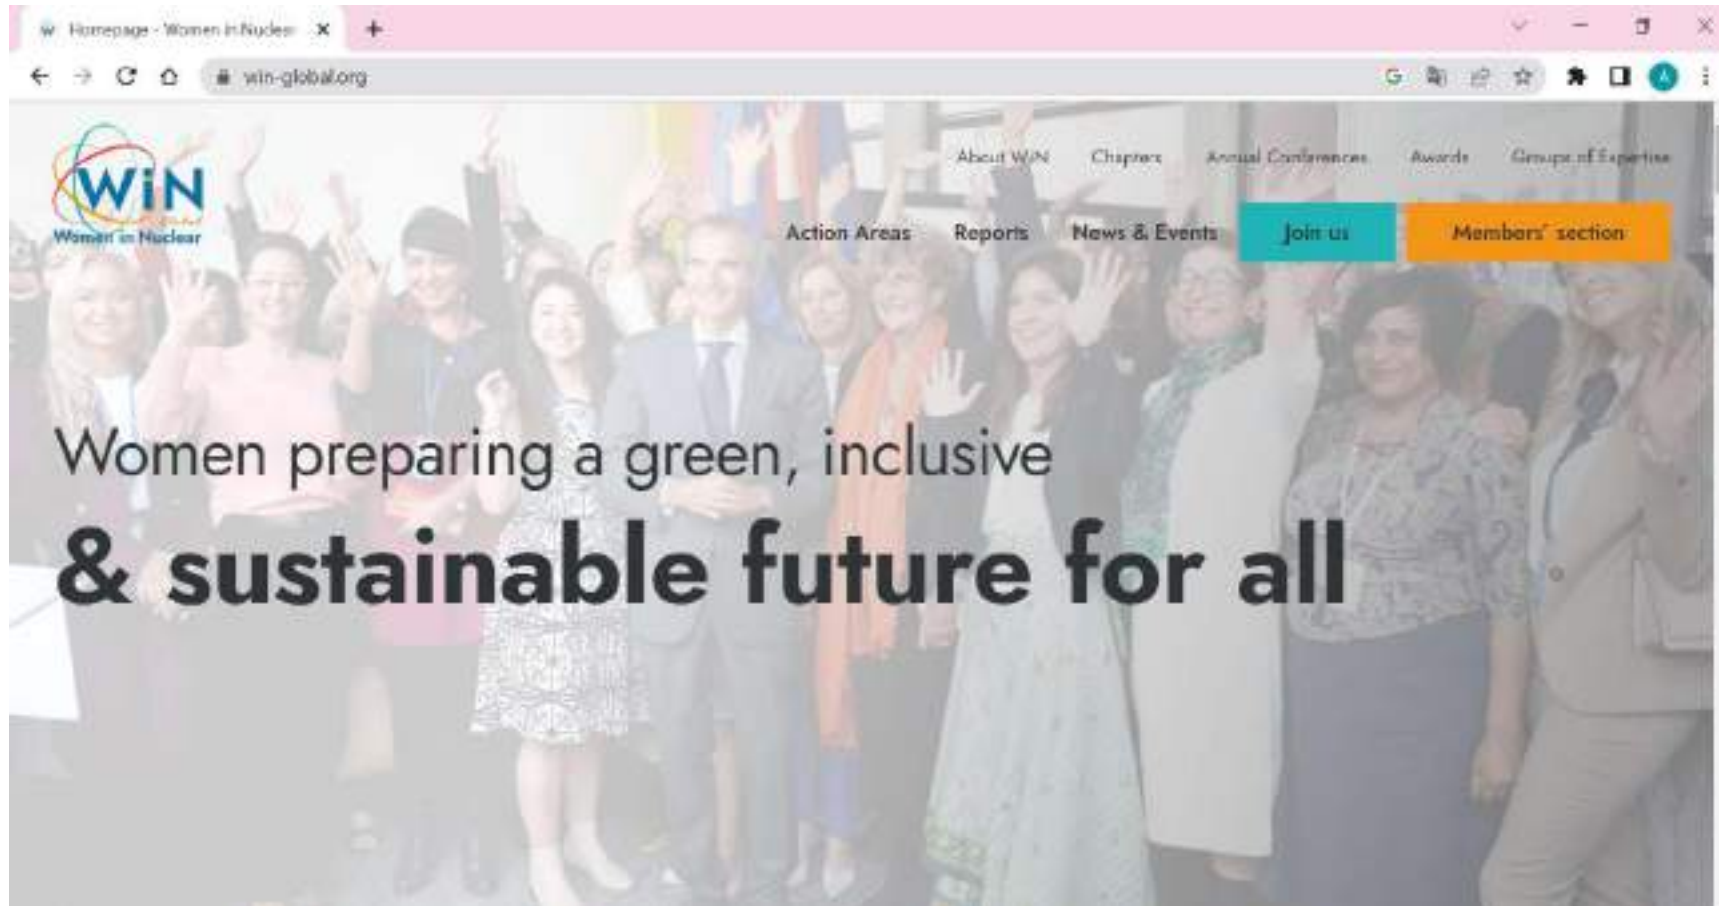

Relevant dates for promoting our vision and missions.
REPLICATE AND KEEP YOUR SOCIAL NETWORKS ACTIVE!

Executive/Board meetings, conferences, exhibitions, in which WiN Global will take part
SAVE THE DATE & CONTRIBUTE!

Topic 3. To enhance communication.

New website

Topic 4. To create a “WiN Global Young Generation” Group of Interest

VISIBILITY
PROACTIVITY

Building Bridges Between generations

- Creation of Nuclear Future Award
- Allocation of a budget for WiNYG activities in 2023 (2.000 €)
- Support of WiNYG projects i.e. expertise, awards, partnerships
- Active involvement in WiNYG campaigns: COP28, IWED, webinars, sponsoring opportunities
- Promotion of projects on Social Media
- Advising in key decisions

- Refreshing and dynamic new ideas (i.e. Beyond borders project, WiNspire)
- Attracting new younger members (120 members)
- Managing WiN Global group's of expertise promotional campaign
- Collaboration with of WiN Global on major strategic event (i.e. Annual conference, COP, Position paper)
- Direct collaboration with other YG groups (IYNC, ENS-YG, N4C – COP28 YG delivery team, AYG, NAYGN)

Topic 5: To act on gender balance issues.

- To implement support actions to promote Women in STEM (Science, Technology, Engineering and Mathematics)
- To promote nuclear careers: job opportunities, grants, trainees, internships, etc. for WiN members
- To strengthen actions for supporting the professional development of young women.

LEGITIMACY

VISIBILITY

□ PARTICIPTION IN CONFERENCES, MEETING AND WEBINARS: **66th IAEA General Conference**

IAEA side event on Human Resources Strategies for Gender Equality in Nuclear Organizations

Opening ceremony of WiN Global and WiN IAEA exhibition stand with the participation of Rafael Mariano Grossi, IAEA Director General and Sama Bilbao y León, WNA Director General.

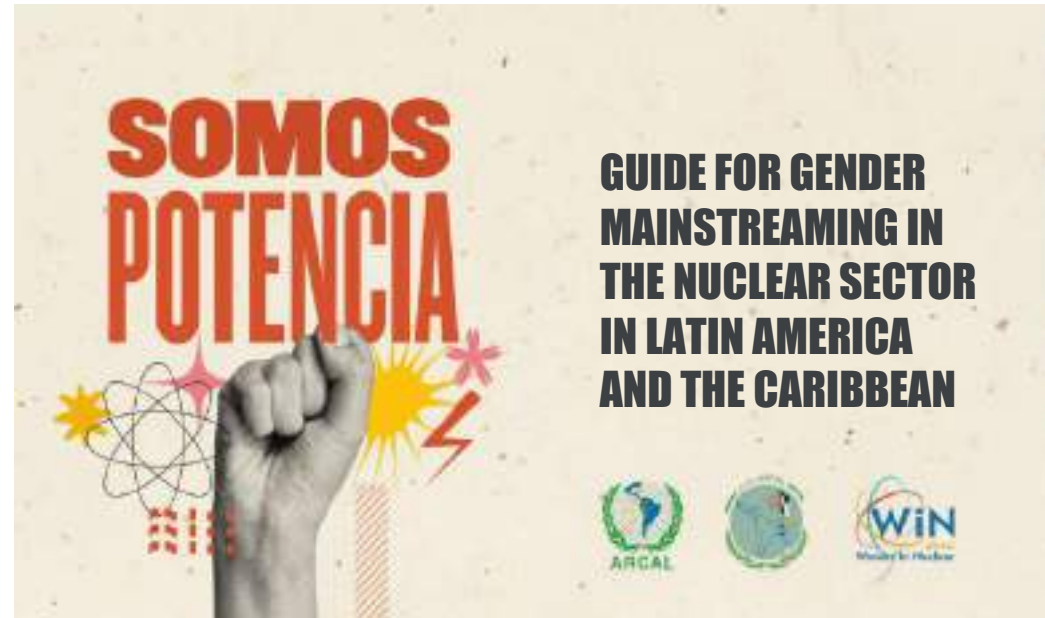

Topic 5: To act on gender balance issues.

66th IAEA General Conference

Official launch of the ARCAL- WiN Global- WiN ARCAL - Publication “SOMOS POTENCIA: Guide for Gender Mainstreaming in the Nuclear Sector in Latin America and the Caribbean”

At the annual meeting of the Board of Regional Co-operation Agreement for the Promotion of Nuclear Science and Technology in Latin America and the Caribbean (ARCAL).

Promotional video available at the WiN Global Youtube Channel:

https://www.youtube.com/watch?v=RtOSGC010Ys&t=27s&ab_channel=WiNGloba

Topic 5: To act on gender balance issues.

66th IAEA General Conference

WiN IAEA hybrid event: Talk with Ms Bonnie Jenkins - US Under Secretary for Arms Control and International Security. WiN Global was represented by Dominique Mouillot.

WiN IAEA hybrid event: Together Towards Equal Representation of Women from All Regions

WiN Global was represented by Melina Belinco. This session included the participation of the Ambassadors from Sweden, Mexico, Philippines, Morocco and the United States.

Topic 5: To act on gender balance issues.

Participation at Fem Energia Awards (in collaboration with EDF Group Top Management Team). December 2022.

Dominique Mouillot, together with WiN France President Isabelle-Marie Poli, delivered the 2022 WiN France Award to Valerie Faudon, Executive Director for the French Nuclear Energy Association (SFEN) and a Vice-President for the European Nuclear Society (ENS)

Participation at the NEA Gender Balance Task Group (GB-TG) at NEA headquarters. June 2023.

WiN Global represented by General Secretary Patricia Schindler.

Participation at the IYNC2022. December 2022

Vice-President, Melina Belinco, was invited as a plenary speaker at the "Human Capital: Enriching the nuclear professionals of tomorrow" session

Topic 5: To act on gender balance issues.

❑ WiN Global Awards:

HONORARY AWARD

To honour an individual or organization who has demonstrated outstanding dedication to WiN Global.

Sponsor Emirates Nuclear Energy Corporation

EXCELLENCE AWARD

To celebrate an individual who has communicated consistently, effectively and positively the key messages for the nuclear industry and nuclear applications.

Sponsor Thomas Thor

FUTURE AWARD

To celebrate an individual under 40 years of age who has demonstrated outstanding commitment to WIN Global and its Chapters.

Sponsor Nuvia

Topic 5: To act on gender balance issues.

❑ Social media campaigns:

International Day of Women and Girls in Science, 11th February.

International Women's Day (IWD), 8th March

Topic 5: To act on gender balance issues.

❑ Social media campaigns:

International Women in Engineering Day, 23th June.

#IWED

ARUNA KORDE
Radiation Protection Officer (RPO) [RPO]

Aruna is Radioprotection Officer of IAEA. She holds M. Pharmacy and M. Sc degree from University of Mumbai, India and professional research fellowship in 'NC' centre from City School of Medicine and Wilkes Power University, USA. She has over 20 years of experience in career related to radiobiology and radiological protection research, development and deployment for clinical use including planning and development of related facilities.

#IWED

OUM KELTOUM HAKAN
Nuclear Regulatory Authority (NRA)

Oum is Executive Officer at the Division of Nuclear Security, IAEA. She supports Nuclear States in establishing and implementing national programmes in nuclear security to enhance nuclear security globally before joining the IAEA, she served as a research professor of nuclear physics for over 30 years. She established Institute in Africa to educate students and professionals on the safe, secure and peaceful management of nuclear technologies.

#IWED

KHADIJA BENDAH
Programme Manager, IAEA Technical Cooperation (TCoop)

Khadija is an environmental engineer and is the head of nuclear technology safety and security units since 2015 in the National Centre for Energy, Sciences, and Nuclear Techniques (CNRS) of Morocco. From 2012 until 2016, she was in charge of the same institutions emergency procedures and response team.

#IWED

HOUZHA BEN RAIS AOIJAD
Nuclear Medicine (WIMM)

Houzha is Professor, highest degree in the University Mohammed VI of Rabat, Faculty of Nuclear Medicine Department, Director of Research and Pedagogy in Nuclear Medicine, Physics and Biophysics. She is the first Moroccan female scientist who was specialized in Nuclear Medicine, graduated from IAEA, OECD, Sector and Marie Curie Institute University Paris.

#IWED

ADORACIÓN ARNALDO GONZÁLEZ
Innovative (WIM)

Adoración is Industrial Engineer, specialized in energy and she also holds the qualification of University Graduate in Environment and Nuclear Safety. She has been working all her career for the nuclear sector, particularly developing new technologies and innovation projects, for both the public sector and private companies. Since 2020, she has become for Innovation and Technology Director of the international group, 3D Bridge Services (IBS).

#IWED
**

ESTELLE DESROCHES
Economic Planning (WIM)

Estelle is currently the CEO of Cyclife, a subsidiary of EDF dedicated to decommissioning and waste management. After a degree in chemical engineering and a PhD in geotechnical sciences, she has spent her entire career in the energy sector. In 2011, she joined the world of decommissioning, first leading the decommissioning program for EDF's light water reactors. She then took on the management of Cyclife in 2021.

#IWED
**

EVA GYANE
WIM for Space

Eva holds an MBA in Trade Sciences, a BSc in Physics and Chemistry with MSc in Nuclear Science and Technology. She worked at the International Atomic Energy Agency (IAEA) for 20 years in different positions, 20 years thereof in the Department of Biotechnology as an education Analyst and Nuclear Software Engineer. She spent six years in the United Arab Emirates, working as a Senior Nuclear Export Control Specialist at the Nuclear Authority for Nuclear Regulation.

#IWED

KIMBERLY SEXTON NICK
Nuclear Law (WIM)

Kimberly is the Head of the IAEA Division of Nuclear Law. In this position, she is the lead counsel for nuclear safety and regulatory affairs, provides consultation services to the IAEA Nuclear Law Committee as well as the Working Party on the Legal Aspects of Nuclear Safety, and directs the legal education and publication programmes, including as editor of the Nuclear Law Bulletin.

Topic 5: To act on gender balance issues

☐ MENTORING ACTIVITIES

To enhance WiN Global Mentoring activities, we have invested in a **mentoring platform** which will be tested for 1 year. Coordinator: Lisa McBride.

Joint NEA/WiN International Mentoring Session: *Mentoring Young Professionals in Nuclear, within the framework of the 29th WiN Annual Conference, 24 May 2022.*

Under preparation: 2023 edition for the 30th WiN Annual Conference, 12-16 Nov. 2023.

Organized by the Group of Expertise Women in Nuclear Innovation (WiNI) in collaboration with Mexican Nuclear Society and REMECIN

Topic 5: To act on gender balance issues

☐ MENTORING ACTIVITIES

Participation in the Summer Institute 2023, June-July 2023

Mentors: Melina Belinco and Eva Gyane

WiN Global is an official partner of World Nuclear Exhibition Start-ups Program. Mentoring is organised for 20 start-up finalists. 5 Mentors from WiN Global under the leadership of Dominique Mouillot.

<https://www.world-nuclear-exhibition.com/en-gb/programme/wne-startup-program.html>

New NEA/WiN France Mentoring Workshop for the Winners of Fem Energia Awards with the collaboration of WiN Global. December 2022

Topic 6 : To enlarge sponsoring and partnerships.

1. To increase sponsoring and donations. We have developed a suite of sponsorship packages – included in the WiN Global Sponsorship Opportunities Brochure - with the intention that they would be appealing to a range of specific needs, industries and budgets.

SPONSOR BENEFITS HIGHLIGHTS

- ✓ Access to female experts in many areas related to nuclear power and technology applications.
- ✓ WiN as a reference in terms of communication, particularly in the context of public debates.
- ✓ Promotional materials, actions and visibility on our website, newsletter, events and publications.
- ✓ Particular actions related to gender balance issues for your female network.

2. To strengthen relations with the main organizations in the nuclear sector.

WE SHARE OUR AMBITIONS WITH

Topic 6 : To enlarge sponsoring and partnerships.

New partnerships: NEA

15/09/2022

WiN Global and the Nuclear Energy Agency (NEA) have officially launched their collaboration and signed an MoU in September 2022.

WiN Global and NEA will cooperate in several areas, which will include, but not be limited to:

- Mentoring and youth engagement;
- Communications;
- Education and training;
- Joint research, including data collection;
- Joint events and workshops;
- Exchange of information and liaison activities;
- Participation of experts in meetings; and
- Other joint initiatives to promote gender balance and diversity in the nuclear sector.

As a result of the collaboration between WiN Global and NEA, the **WiN NEA Chapter** was launched. (2nd Chapter of a International Organization under the umbrella of WiN Global)

Topic 6 : To enlarge sponsoring and partnerships.

New partnerships: ENS

01/09/2022 . Renewed

Prof. Leon Cizelj
ENS President

Emilia Janisz
Director of Strategy

Objectives:

- To promote their voice as a network of experts and call for urgent action from policymakers to include Nuclear in the Net-Zero Solution and ensure that women are involved in all decision-making steps in addressing the climate crisis.
- To establish effective communication and initiate, coordinate and review programs of interest to both associations.
- To encourage friendly cooperation and mutual interchanges between their respective members on subjects related to peaceful uses of nuclear science and technology, actions promoting Nuclear for Climate, and COP involvement.

Topic 6 : To enlarge sponsoring and partnerships.

WIRE. Women in Renewables Energies. February 2023.

INMM. Institute of Nuclear Materials Management. April 2023.

WiN Global President, Dominique Mouillot, and INMM President, Mark Schanfein at the signing ceremony during INMM & ESARDA Joint Annual Meeting 2023, in Vienna

WiF. Women in Fusion. Official Signature at 2023 IAEA General Conference in September.

OTHER ACHIEVEMENTS.

- New Chapters:
 - 5 Chapters in Africa: Rwanda, Zambia, Senegal, Democratic Republic of Congo and Togo.
 - WiN NEA Chapter launched: 2nd International organization Chapter, with a strong support of DG William D. Magwood.
 - Regional Chapter WiN Middle East under construction.
- WiN Global recognized as NGO by the UNFCCC (United Nations Framework Convention on Climate Change)
- 30th WiN global Annual Conference: <https://win-africa.org/>

THANK YOU!
