

Women in Nuclear Global President's Report

May 2022-November 2023

Dominique Mouillot
WiN Global President

ACTION PLAN MONITORING

INDEX

1. To be an active and recognized actor in the climate change debate. “Nuclear for Climate”.
2. To promote WiN Global as “a network of experts”.
3. To enhance communication: maintain regular and consistent engagement on social networks to improve public perception.
4. To create a “WiN Global Young Generation” as a Group of Interest.
5. To act on gender balance issues.
6. To enlarge sponsoring and partnerships.
7. Other complementary achievements.

Topic 1: To be an active and recognized actor in the climate change debate “Nuclear for Climate”

- To establish a coalition of experts with influence and authority in the climate change debate
 - **Proactivity.** To take proactive measures to actively participate and contribute to the climate change debate.
 - **Legitimacy.** To be recognized as a key participant in this debate (“network of experts”).
 - **Visibility.** To achieve visibility as a prominent figure in different public debates or forums.

□ ACTION: COP 27. 6 – 18 November 2022. Sharm El-Sheikh (Egypt)

WiN Global delegation: Dominique Mouillot, Eva Gyane, Soheir Korraa.

Additional WiN Global members: Raquel Heredia (WiN Mexico), Lisa McBride (WiN Canada), Alice Cunha da Silva (WiN Brazil),...

2 Position Papers:

WiN Global COP27 Position Paper "**Harnessing the power of nuclear - clean energy, water, transportation and jobs**": <https://win-global.org/activities/news/807>

WiN Global is part of Nuclear4Climate and signed the COP27 Position Paper "**The Fastest Path To Net Zero For A Sustainable & Energy Secure Future For All**".

Topic 1: To be an active and recognized actor in the climate change debate. “Nuclear for Climate”: COP27

Grand Opening Event #Atoms4Climate Pavilion at COP27

Hosted by IAEA

After the opening session led by IAEA DG Mr Grossi, WiN Global President, Dominique Mouillot, will give a statement during the High-level Segment of the event, together with ministers of States from all regions, heads of International Organizations and leaders of key stakeholders.

Wednesday, 9 November, 10:00 – 11:30 (GMT+2)

#Atoms4Climate Pavilion, P95 in Blue Zone

Live Streaming:<https://youtu.be/grGQsysEqbA>

ROUND TABLE: The role of NGOs to address climate change

Hosted by IAEA

WiN Global President, Dominique Mouillot, will take part in this relevant conversation together with other NGOs' representatives: Emilia Janisz (ENS), Valerie Faudon (SFEN), Marie-Jeanne Jouveau (Voices of Nuclear), among others.

Tuesday, 8 November, 13:30 – 14:30 (GMT+2)

#Atoms4Climate Pavilion, P95 in Blue Zone

Topic 1: To be an active and recognized actor in the climate change debate. “Nuclear for Climate”: COP27

W1N.5C Challenges - Hosted by WiN Global

The event will feature Mr Rafael Grossi, IAEA Director General, Ms Dominique Mouillot, WiN Global President, and a prestigious panel of #WiNexperts who will discuss urgent challenges and solutions in key areas such as gender equality and diversity, innovation and emerging technologies, women leadership, attraction of young talents, and the exclusively peaceful use of nuclear energy. The event will be moderated by IAEA Director, Mr Wei Huang.

Wednesday, 9 November, 16:00 – 17:00 (GMT+2)

#Atoms4Climate Pavilion, P95 in Blue Zone

Live Streaming: <https://youtube.com/@winglobal>

Experiences of women working in the nuclear industry and how clean energy can empower women - Hosted by WNA

WiN Global will be represented by Ms Verónica Garea, newly-elected President of Women in Nuclear Latin America and the Caribbean - WiN ARCAL. WiN Global has also facilitated a slot in this event for Women in Renewable Energy (WiRE) and Ms Joanna Osawe, President & CEO of WiRE, will also take part and highlight the key milestone achieved through the signature of the MoU between WiN Global and WiRE - 2 organizations from different sectors of the energy industry. WNA General Director, Sama Bilbao y León, will be the moderator.

Monday, 14 November, 15:00 – 16:00 (GMT+2)

#Atoms4Climate Pavilion, P95 in Blue Zone

Live Streaming: <https://youtu.be/jTSdUkPwLmg>

W1N.5C Challenges

Wednesday 9 November 16:00 – 17:00 (GMT+2)

WIN Global Youtube – Live Streaming

A real commitment to advancing towards an inclusive and sustainable future for all involves a number of key challenges that need to be urgently addressed: the exclusively peaceful use of nuclear energy, innovative solutions and emerging technologies in nuclear, STEM attractiveness for girls and women, gender equality and women leadership, and the effects of climate change on vulnerable groups.

Topic 1: To be an active and recognized actor in the climate change debate. “Nuclear for Climate”

□ ACTION: WiN Global participation at COP28.

- Dubai. UAE. From 30 November until 12 December 2023.
- We have been preparing our participation at COP 28 as an **NGO recognized by UNFCCC (United Nations Framework Convention on Climate Change)**
- A WiN Global Working Group has been created with Executive members and a representative of the Young Generation.
 - WiN Global COP28 Position Paper "**Climate Impacts on Women and Children need meaningful action now - nuclear power can support this action**".
 - WiN Global event during the **Gender Equality Day** on 9 December at the Atoms4Climate Pavilion. Speakers: Joanna Owase (WiRE), Sama Bilbao y León (WNA), ENEC, AFCONE, NEA.
 - Joint event with IYNC on 11 December: **Are Youth accelerating the clean energy transition?**
 - Possibility of taking part in the **IAEA technical programme during COP28**. To be confirmed.
 - Other actions under preparation by the Working Group, at Canadian Pavilion (Lisa McBride), African countries (Amal Elrefaei), etc.

Topic 1: To be an active and recognized actor in the climate change debate. “Nuclear for Climate”

- ❑ **ACTION: IAEA side event "Nuclear technologies: A Shared Commitment to Protecting the Environment", on the occasion of the World Environment Day**

#WiNGlobal SIDE EVENT
WORLD ENVIRONMENT DAY
8 JUNE 2023 | 9:30 AM (GMT+2)
Nuclear technologies: A Shared Commitment to Protecting the Environment (Hybrid Format)
WITH THE SPECIAL PARTICIPATION OF

 **RAFAEL MARIANO GROSSI**
IAEA Director General

 **DIONNEVE HOURLOT**
Women in Nuclear Forum Global President

Vienna, VIC, Room CR1 Virtual participation via WebEx

Topic 1: To be an active and recognized actor in the climate change debate. “Nuclear for Climate”

❑ ACTION: African Women in nuclear for Securing Water Resources in Africa.

March 2023.

The Women in Nuclear Africa (WiN Africa) in collaboration with the International Atomic Energy Agency (IAEA) organized a webinar to celebrate World Water Day under the theme "African women in Nuclear for Securing Water Resources in Africa."

Topic 1: To be an active and recognized actor in the climate change debate. “Nuclear for Climate”

- ❑ **ACTION: 2nd International Conference on Climate Change and the Role of Nuclear Power**

WOMEN CONFRONT CLIMATE CHANGE
WIN GLOBAL SIDE EVENT

Monday 9 October, 17:00 - 18:00 (CET)
Room M Plenary, VIC | Vienna, Austria

REGISTRATION OPEN FOR VIRTUAL ATTENDANCE

Topic 2. WiN Global as “a network of experts”

LEGITIMACY

- To be gain recognition as a “**network of experts**”, a panel of skilled professionals with wide experiences and knowledge in different areas related to nuclear technology.
- To create the “**WiN Global Groups of Expertise**”, a group of professionals with high level of expertise in key areas.

Leveraging our groups of experts, we actively contribute our know-how to the sustainable development of the nuclear industry aiming to establish ourselves as a recognized actor in the field.

Achievements: Creation of 2 new Groups of Expertise

The image displays eight distinct groups of expertise, each represented by a circular portrait of a woman, the group's name and acronym, and its partner organizations. Two groups are marked with a red starburst labeled 'NEW'.

- WiNI** (Women in Nuclear Innovation): Ms. Adeline Amable, Partner: WNA
- WiNSI** (Women in Nuclear Security): Ms. Oun Fatma Hajar, Partner: IAEA
- WiNDI** (Women in Nuclear Decommissioning): Ms. Tatiana Desrosiers, Partner: EDF
- For PEACE** (Women in Nuclear for Peace): Ms. Eva Gyani, Partners: UNODA and VCDNP
- WiNMI** (Women in Nuclear Medicine): Prof. Nozoka Ben Rza, Partners: ONESTEN and IAEA
- WiNRI** (Women in RadioPharmacy): Ms. Aruna Konde, Partner: IAEA
- WiNEPRI** (Women in Nuclear in Emergency Preparedness and Response): Ms. Khadija Brodan, Partners: ONESTEN and IAEA
- WiNLI** (Women in Nuclear Law): Ms. Elizabeth Seider Nick, Partner: NEA

1 new one for approval. **WINEXI - Women in Nuclear in Experimental Installations.**

Topic 2. WiN Global as “a network of experts”

LEGITIMACY

- **ACTION: WiN Global Participation to World Nuclear Exhibition as members of the Innovation Awards**

On the occasion of the World Nuclear Exhibition (WNE), which takes place in Paris every 2 years, the WNE Awards were created to highlight the most innovative, interesting technologies and/or companies.

<https://www.world-nuclear-exhibition.com/en-gb/programme/wne-innovation-awards.html>

WiN Global Participation with 7 members of jury and two presidents of jury under the leadership of Dominique Mouillot.

-Category: Skills and Knowledge Management: Melina BELINCO as Jury President and Eunok HAN.

-Category Safety, Security: Oum Keltoum HAKAM and Eva GYANE,

-Category: Operational Excellence: Susan KORN,

-Category Innovation in Products and Services: Adoración ARNALDOS, Cheng XIAOHONG, Alice CUNHA DA SILVA.

-Category: Environmental and Societal Responsibility: Sama BILBAO as Jury President.

Topic 3. To enhance communication.

Communications: Our resources at a glance

- **New visual identity.** We have updated our visual brand identity.
- **New, more dynamic and pragmatic website and new social channels.** We have expanded our presence to more platforms.
- **New WiNFO concept.** Published bi-annually, its main objective is to promote each chapter's news.
- **WiN Global Newsletter.** We have an online bi-monthly newsletter to highlight WiN Global's news, initiatives, and specific activities from our national and regional chapters.
- **Calendar.** This annual calendar includes relevant dates for promoting our key messages as well as important events for WiN Global.

SEPTEMBER 2022

This month, we are delighted to share our latest news and initiatives with you.

WiN Global officially launches the new Global Mentoring Program

This month at the World Nuclear Symposium 2022, WiN Global officially launched its highly anticipated global mentoring program that will connect WiNers with both mentors and mentees in the global nuclear sector.

Topic 3. To enhance communication.

Communications: Our resources at a glance

- **WiN Global brochure.** In line with our new visual identity, we made available a useful material to promote our organization and chapters at different events and exhibitions.
- **WiN Global Institutional Presentation**
- Support for the **WiN Global Groups of Expertise** in the development of its **own identity**.
- Assistance to hold **virtual events**: WiNI, WiNDI, WiN for Peace, etc.
- Promotion of an updated version of the **WiN Global position paper for COP28**, effort lead by Jasmin Diab (Executive and WiN Australia President).
- **Solutions to specific needs in order to give visibility to:**
 - Actions of other WiN Global Committees (Awards) and Groups of Expertise
 - Sponsors
 - New Chapters (logo)

Topic 3. To enhance communication.

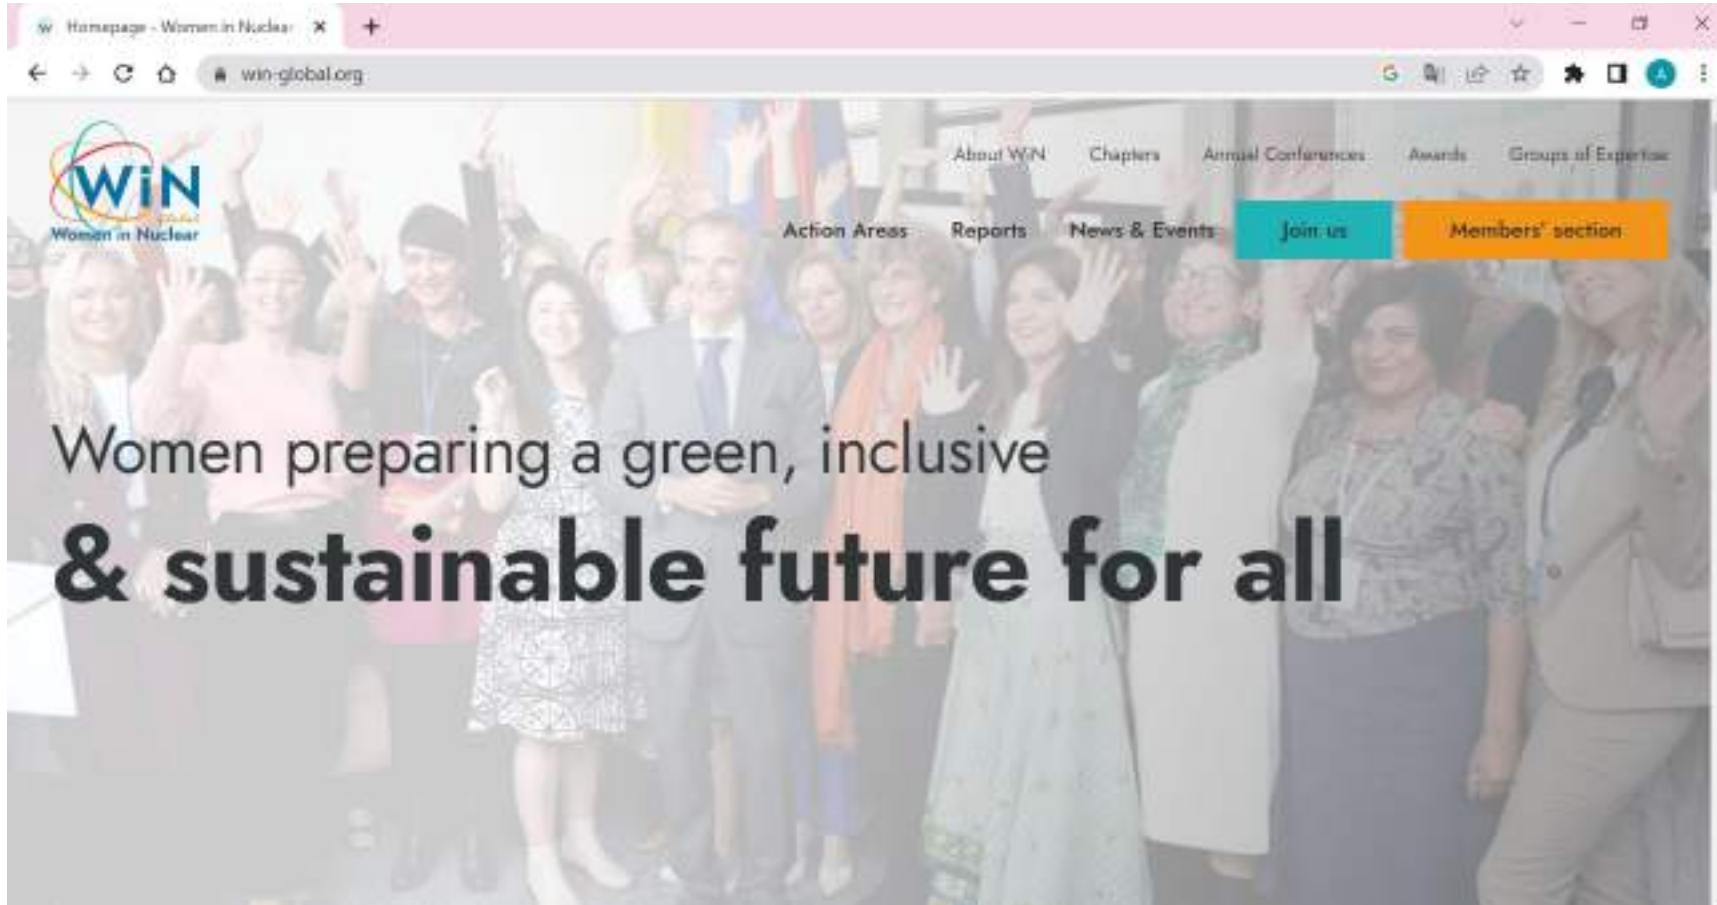

Relevant dates for promoting our vision and missions.
REPLICATE AND KEEP YOUR SOCIAL NETWORKS ACTIVE!

Executive/Board meetings, conferences,
exhibitions, in which WiN Global will take part
SAVE THE DATE & CONTRIBUTE!

Topic 3. To enhance communication.

New website

Topic 3. To enhance communication.

- BEFORE THE LAUNCH
 - Online practical course on the management and operation of the website provided by the developers: “Train the trainers” format to ensure knowledge transfer to future website managers
 - Maintenance service: Bug fixes and special adjustments (first testing period)
 - Request for Chapters’ inputs for each Chapter’s page (based on a template)
 - Request for inputs from the WiN Global Committees and Groups of Expertise
 - Request for Chapters’ inputs for the new directory
- AFTER THE LAUNCH
 - Revision of all contents by the technical editor.
 - Social media campaign to encourage members to update their profiles.
 - Social media campaign to encourage general public to register (permanent actions during the whole year).
 - Strengthening the functionalities of the Members’ section.

Topic 4. To create a “WiN Global Young Generation” Group of Interest

VISIBILITY
PROACTIVITY

Building Bridges Between generations

- Creation of Nuclear Future Award
- Allocation of a budget for WiNYG activities in 2023 (2.000 €)
- Support of WiNYG projects i.e. expertise, awards, partnerships
- Active involvement in WiNYG campaigns: COP28, IWED, webinars, sponsoring opportunities
- Promotion of projects on Social Media
- Advising in key decisions

- Refreshing and dynamic new ideas (i.e. Beyond borders project, WiNspire)
- Attracting new younger members (120 members)
- Managing WiN Global group’s of expertise promotional campaign
- Collaboration with of WiN Global on major strategic event (i.e. Annual conference, COP, Position paper)
- Direct collaboration with other YG groups (IYNC, ENS-YG, N4C – COP28 YG delivery team, AYG (Africa), NAYGN (North America),...

Topic 4. To create a “WiN Global Young Generation” Group of Interest

WiN x Event

NEA Gender Balance Task group

COP 27

Atoms4Netzero

**Inspiring new generations
WiNspire
meet-up**

Nice Future: CEM 14

Topic 5: To act on gender balance issues.

- *To implement support actions to promote Women in STEM (Science, Technology, Engineering and Mathematics)*
- *To promote nuclear careers: job opportunities, grants, trainees, internships, etc. for WiN members*
- *To strengthen actions for supporting the professional development of young women.*

LEGITIMACY

VISIBILITY

❑ PARTICIPTION IN CONFERENCES, MEETING AND WEBINARS:

67th IAEA General Conference

Topic 5: To act on gender balance issues.

67th IAEA General Conference

Monday 25 September 2023

Argentina + WiN Global side event

Education and Innovation: Key Pillars for Sustainable Cooperation and Development in Nuclear Across Regions

Tuesday 26 September 2023

XXIV Meeting of the Board of ARCAL Representatives

Wednesday 27 September 2023

WiN Global Exhibition Stand - Opening Ceremony
13.00 PM, spot B2 in the B Tower

Wednesday 27 September 2023

Winners of the African Students' Competition on the Benefits of Nuclear Sciences (Division for Africa, IAEA)

Wednesday 27 September 2023

WiN IAEA side event

Gender Champions: "Quo Vadis?"

Topic 5: To act on gender balance issues.

66th IAEA General Conference

Side event on Human Resources Strategies for Gender Equality in Nuclear Organizations

WiN IAEA event: Talk with Ms Bonnie Jenkins - US Under Secretary for Arms Control and International Security.

Opening ceremony of WiN Global and WiN IAEA exhibition stand

WiN IAEA hybrid event: Together Towards Equal Representation of Women from All Regions

Official launch of the ARCAL- WiN Global- WiN ARCAL - Publication
“SOMOS POTENCIA: Guide for Gender Mainstreaming in the Nuclear Sector in Latin America and the Caribbean”

Topic 5: To act on gender balance issues.

- ❑ **Participation at Fem Energia Awards (in collaboration with EDF Group Top Management Team).** December 2022.

Dominique Mouillot, together with WiN France President Isabelle-Marie Poli, delivered the 2022 WiN France Award to Valerie Faudon, Executive Director for the French Nuclear Energy Association (SFEN) and a Vice-President for the European Nuclear Society (ENS)

- ❑ **Participation at the IYNC2022.** December 2022

Vice-President, Melina Belinco, was invited as a plenary speaker at the "Human Capital: Enriching the nuclear professionals of tomorrow" session

Topic 5: To act on gender balance issues.

❑ Participation at the NEA Gender Balance Task Group (GB-TG) at NEA headquarters. June 2023.

WiN Global represented by General Secretary Patricia Schindler. Discussions revealed the need to create a platform bringing together hiring and internship proposals in all nuclear sectors in Europe first and World after that.

❑ Participation at WNE Connect to Nuclear. November 2023.

WiN Global coordinator: General Secretary Patricia Schindler.

WNE Connect to Nuclear will have an area of 200m² dedicated to promote *nuclear industry careers, jobs and grow within it.*

WiN Global will have one stand and will participate in short conferences and career path presentations.

Profile of the students

DAY 1: Postgraduate French students - Master & Ph.D. / License 3, Master 1 and Master 2

DAY 2: Undergraduate French students - Associate or Bachelor degree

DAY 3: Job seekers (morning) and International students (afternoon)

Topic 5: To act on gender balance issues.

❑ WiN Global Awards:

HONORARY AWARD

To honour an individual or organization who has demonstrated outstanding dedication to WiN Global.

Sponsor Emirates Nuclear Energy Corporation

EXCELLENCE AWARD

To celebrate an individual who has communicated consistently, effectively and positively the key messages for the nuclear industry and nuclear applications.

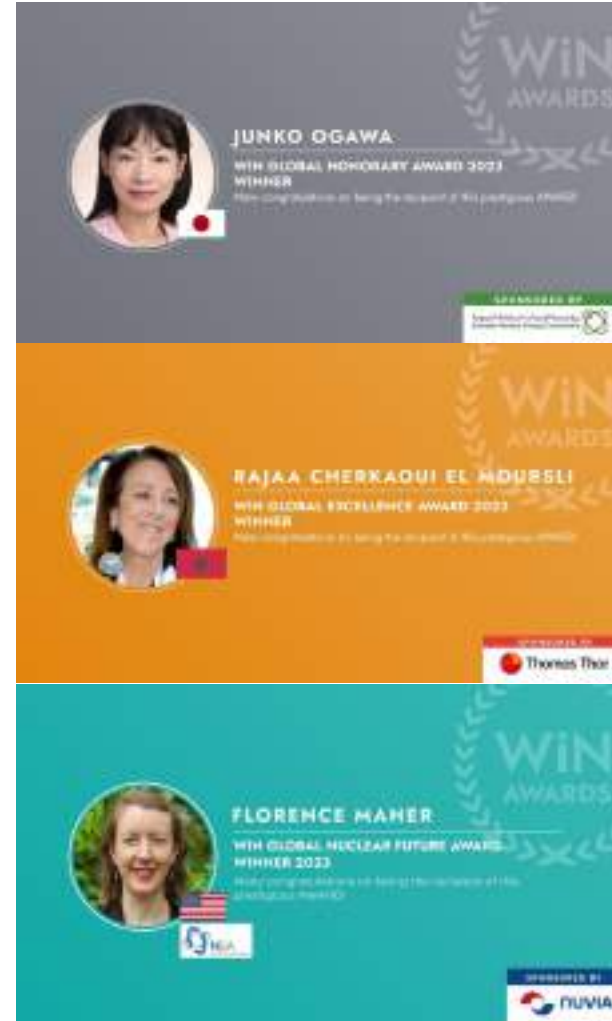

Sponsor Thomas Thor

FUTURE AWARD

To celebrate an individual under 40 years of age who has demonstrated outstanding commitment to WIN Global and its Chapters.

Sponsor Nuvia

Topic 5: To act on gender balance issues.

❑ Social media campaigns:

International Day of Women and Girls in Science, 11th February.

International Women's Day #IWD 🇬🇧🇬🇧🇬🇧🇬🇧🇬🇧

#IWD is a special date to recognize the struggle of women for equality as well as their vital contribution to building an inclusive 🌍 and sustainable future 🌱

#WIN members from all around the world 🌐 united in a single call for EQUALITY 🇬🇧 - 🇬🇧 Women's voices need to be heard in all fields and at all levels, with the nuclear sector not being the exception 🇬🇧

This is our global call, today and everyday 🌐

Topic 5: To act on gender balance issues.

❑ Social media campaigns:

International Women in Engineering Day, 23th June.

#IWED

ARUNA KORDE
Radiation Oncologist (WIMRO)

Aruna is a Radiation Oncologist at IAEA. She holds a Ph.D. in Physics and a Ph.D. degree from the University of Toronto, India and postdoctoral research fellowships at IAEA, Canada, Yale School of Medicine, and Yale University USA. She has over 25 years of experience in areas related to radiological and health/epidemiological research, development and deployment for clinical use including planning and development of related facilities.

#IWED

OUM KELTOUM HAKAM
Nuclear Security (WINS)

Oum is a Liaison Officer at the Division of Nuclear Security, IAEA. She supports Member States in establishing and implementing national programmes in nuclear security to enhance nuclear security globally. Before joining the IAEA, she served as a University Professor of nuclear physics for over 20 years. She studied and worked in Africa to educate students and professionals on the safe, secure and peaceful management of nuclear technologies.

#IWED

KHADIJA BENDAM
Emergency Preparedness and Response (WAPPR)

Khadija is an environmental engineer and is the head of nuclear technology safety and security units since 2019 in the National Center for Energy, Sciences, and Nuclear Techniques (CENSTEN) of Morocco. From 2002 until 2019, she was in charge of the same unit in an emergency preparedness and response team.

#IWED

HOUZHA BEN RAIS AOIJAD
Nuclear Medicine (WIMMO)

Houzha is a Polymer Engineer degree at the University Mohamed VI, Rabat, and Head of Nuclear Medicine Department, Division of Research and Pedagogical in Nuclear Medicine, Physics and Biophysics. She is the first Moroccan female scientist physician specialized in Nuclear Medicine, graduated from IAEA "CEA Jeddah" and Rome December University Italy.

#IWED

ADORACIÓN ARNALDO GONZÁLEZ
Technician (WIMT)

Adoración is a nuclear engineer, specialized in energy and she holds the qualification of University Specialist in Environment and Nuclear Safety. She has been working all her career for the nuclear sector, particularly developing new technologies and innovation projects, for both the public sector and private companies. Since 2005, she has become the coordinator and Technology Director of the international project, CO Energy Storage (CES).

#IWED
*

ESTELLE DESBOCHES
Decommissioning (WIND)

Estelle is currently the CEO of Cyclis, a subsidiary of SDF, dedicated to decommissioning and waste management. She has a degree in chemical engineering and a Ph.D. in engineering sciences, she has spent her entire career in the energy sector. In 2016, she joined the world of decommissioning, first leading the decommissioning program for EDF's graphite reactors in France, before taking over the management of Cyclis in 2021.

#IWED
**

EVA GYANE
Wife for Peace

Eva holds an M.Sc. in Basic Sciences, a B.S. in Physics and Chemistry and a M.Sc. in Nuclear Science and Technology. She worked at the International Atomic Energy Agency (IAEA) for 20 years, in different positions, 10 years focused on the Department of Safeguards as an Information Analyst and Nuclear Safeguards Inspector. She spent six years in the United Arab Emirates, working as a Senior Nuclear Export Control Specialist at the Federal Authority for Nuclear Regulation.

#IWED

KIMBERLY SEXTON HICK
Nuclear Law (WIMLL)

Kimberly is the Head of the IAEA Division of Nuclear Law. In this position, she is the lead counsel for nuclear safety and regulatory affairs, provides technical advice to the IAEA Nuclear Law Committee as well as the Working Party on the Legal Aspects of Nuclear Safety, and directs the legal education and publications programmes, including as editor of the Nuclear Law Bulletin.

Topic 5: To act on gender balance issues

☐ MENTORING ACTIVITIES

To enhance WiN Global Mentoring activities, we have invested in a **mentoring platform** which will be tested for 1 year. Coordinator: Lisa McBride.

Joint NEA/WiN International Mentoring Session: *Mentoring Young Professionals in Nuclear, within the framework of the 29th WiN Annual Conference, 24 May 2022.*

Under preparation: 2023 edition for the 30th WiN Annual Conference, 12-16 Nov. 2023.

Organized by the Group of Expertise Women in Nuclear Innovation (WiNI) in collaboration with Mexican Nuclear Society and REMECIN

Topic 5: To act on gender balance issues

☐ MENTORING ACTIVITIES

Launched of the WiN Global Mentoring Platform.

Participation in the Summer Institute 2023, June-July 2023

Mentors: Melina Belinco and Eva Gyane

WiN Global is an official partner of World Nuclear Exhibition Start-ups Program. Mentoring is organised for 20 start-up finalists. 5 Mentors from WiN Global under the leadership of Dominique Mouillot.

<https://www.world-nuclear-exhibition.com/en-gb/programme/wne-startup-program.html>

New NEA/WiN France Mentoring Workshop for the Winners of Fem Energia Awards with the collaboration of WiN Global. December 2022

Topic 6 : To enlarge sponsoring and partnerships.

1. To increase sponsoring and donations. We have developed a suite of sponsorship packages – included in the WiN Global Sponsorship Opportunities Brochure - with the intention that they would be appealing to a range of specific needs, industries and budgets.

SPONSOR BENEFITS HIGHLIGHTS

- ✓ Access to female experts in many areas related to nuclear power and technology applications.
- ✓ WiN as a reference in terms of communication, particularly in the context of public debates.
- ✓ Promotional materials, actions and visibility on our website, newsletter, events and publications.
- ✓ Particular actions related to gender balance issues for your female network.

2. To strengthen relations with the main organizations in the nuclear sector.

WE SHARE OUR AMBITIONS WITH

Topic 6 : To enlarge sponsoring and partnerships.

New partnerships: NEA

15/09/2022

WiN Global and the Nuclear Energy Agency (NEA) have officially launched their collaboration and signed an MoU in September 2022.

WiN Global and NEA will cooperate in several areas, which will include, but not be limited to:

- Mentoring and youth engagement;
- Communications;
- Education and training;
- Joint research, including data collection;
- Joint events and workshops;
- Exchange of information and liaison activities;
- Participation of experts in meetings; and
- Other joint initiatives to promote gender balance and diversity in the nuclear sector.

As a result of the collaboration between WiN Global and NEA, the **WiN NEA Chapter** was launched. (2nd Chapter of a International Organization under the umbrella of WiN Global)

Topic 6 : To enlarge sponsoring and partnerships.

New partnerships: ENS

01/09/2022 . Renewed

Prof. Leon Cizelj
ENS President

Emilia Janisz
Director of Strategy

Objectives:

- To promote their voice as a network of experts and call for urgent action from policymakers to include Nuclear in the Net-Zero Solution and ensure that women are involved in all decision-making steps in addressing the climate crisis.
- To establish effective communication and initiate, coordinate and review programs of interest to both associations.
- To encourage friendly cooperation and mutual interchanges between their respective members on subjects related to peaceful uses of nuclear science and technology, actions promoting Nuclear for Climate, and COP involvement.

Topic 6 : To enlarge sponsoring and partnerships.

WIRE. Women in Renewables Energies. February 2023.

INMM. Institute of Nuclear Materials Management. April 2023.

WiN Global President, Dominique Mouillot, and INMM President, Mark Schanfein at the signing ceremony during INMM & ESARDA Joint Annual Meeting 2023, in Vienna

Topic 6 : To enlarge sponsoring and partnerships.

WiF. Women in Fusion. Official Signature at 2023 IAEA General Conference in September.

WiN Global President, Dominique Mouillot, and WiF President, Sheila Gonzalez, at the signing ceremony

SNETP. Sustainable Nuclear Energy Technology Platform. Official Signature at World Nuclear Exhibition. November 2023.

OTHER ACHIEVEMENTS.

- New Chapters:
 - 5 Chapters in Africa: Rwanda, Zambia, Senegal, Democratic Republic of Congo and Togo.
 - 4 more Chapters in Africa to be launched at the WiN Global Annual Conference 2023: Ethiopia, Burkina Faso, Malawi, and Zimbabwe.
 - Europe: Support for the creation of chapters in Norway, Portugal, Italy and the Netherlands.
 - Asia: Discussion with Turkmenistan Permanent Mission in Vienna to create a new Chapter.
 - Latin America & the Caribbean: Support for the creation of Uruguay, Costa Rica, Nicaragua.
 - Regional Chapter WiN Middle East under construction. Launch event at COP28 organized by ENEC.
 - WiN NEA Chapter launched: 2nd International organization Chapter, with a strong support of DG William D. Magwood.
- WiN Global recognized as NGO by the UNFCCC (United Nations Framework Convention on Climate Change)
- 30th WiN global Annual Conference: <https://win-africa.org/>

THANK YOU!
